

## Process of Start up Registration

The process starts with registration on the website - <https://www.startupindia.gov.in> with details which are Entity Name, Email ID and mobile number

A detailed profile of the Company shall be created on the above mentioned website giving requisite details of the entity, entity logo, nature of entity, industry, category to be selected from drag drop menu

The Start-up shall then make an online application over the mobile application or portal set up by the Department for Promotion of Industry and Internal Trade ('DPIIT') post updating of profile on the website.

This application will include- Certificate of incorporation and a detailed note about the business as to how the company is working towards innovation, development etc
